

Toasting The Town

Presents A Retro Social

An Evening of Common Ground
In Support of POTSBRONX.ORG

Toasting The Town produced a night of old-fashioned fun, conversation, and common ground. A night where we came together with help from our fine friends at McSorley's & Nat Sherman International. And aside from old-fashioned socializing and a tribute to friendship, it was the kindness of strangers that helped to raise \$10,000 in one single evening and in support of the people from Part Of the Solution (POTS) as they practice selfless and continuous reaching out to help the needy in our community...

...a loving community in the Bronx that nourishes the basic needs and hungers of all who come to (their) door. Since 1982, POTS has welcomed thousands of individuals with different needs, backgrounds, and stories—all of whom share one common goal: To have their dignity restored. Through specialized programs, a high standard of caring, and a warm meal, we strive to achieve that goal for each person who seeks it.'

McSorley's Ale. Nat Sherman Cigars. New York TRADITIONS! The good taste of a drink; light or dark...or both...that could be shared amongst patrons or professors, sitting 'round a communal table at McSorley's. The fine flavor of premium cigars, or pipes, held by fashionistas, next to show biz folk, next to politicians, and more – sitting chair by chair 'round a circle and just jiving with one another.

The most satisfying tradition of all, however, is one whereas we, as a society, stop to help one another. The comfort food of helping people onto their feet and providing them with hope, is the type of timeless meal that we should all be serving—aside from our ales, puffs, and posturing.

Toasting The Town is a free e-newsletter and timeless publication, designed to entertain and educate residents of any city, town or village, on the heritage of their local surroundings. Our stories recount history - authored with the intent of lifting readers out of their seats and into the world, to explore.
